

# Sulfluoro-B

Trifluoromethyl sulfoxide for metal-free C–H functionalisation of arenes, and more.

<https://doi.org/10.1002/anie.202005531>

Cortex Organics has partnered with Professor David Procter at the University of Manchester ([www.proctergroupresearch.com](http://www.proctergroupresearch.com)) to commercialise the novel trifluoromethylthiolation reagent, **Sulfluoro-B**. This versatile reagent is applicable to the functionalisation of various arenes, and in late-stage trifluoromethylthiolation of medicines and agrochemicals.

## Product Scope

## Pricing and Order

Pack Size	Price
500 mg	£110
1000 mg	£195
2000 mg	£350
5000 mg	£695

Prices excluding VAT and shipping. For bulk quantities and custom pack sizes, please kindly send an email to [info@cortexorganics.com](mailto:info@cortexorganics.com) for a quotation.
